To the degree that increased volume can decrease cost per unit, this menu can be, at given points, more of a guideline than a price list chiseled in stone.

Also, such factors as ease or difficulty of preparing an order, the location of the site, and the facilities for food preparation and/or service at the site can effect what we can offer you, and at what price.

Some food items do not keep or transport well; others must be prepared or, at least, put together at the site.

We will gladly discuss your requirements, and suggest the best way we can serve you within your budget range.

We advise you to give us at least a week of notice for catering orders, however, you would be wise to call us as soon as possible in order to insure that we can reserve the time and date that you desire.

SALES TAX WILL BE ADDED TO ALL FOOD AND BEVERAGE ITEMS.
